## Guidelines for Extended Abstract submission
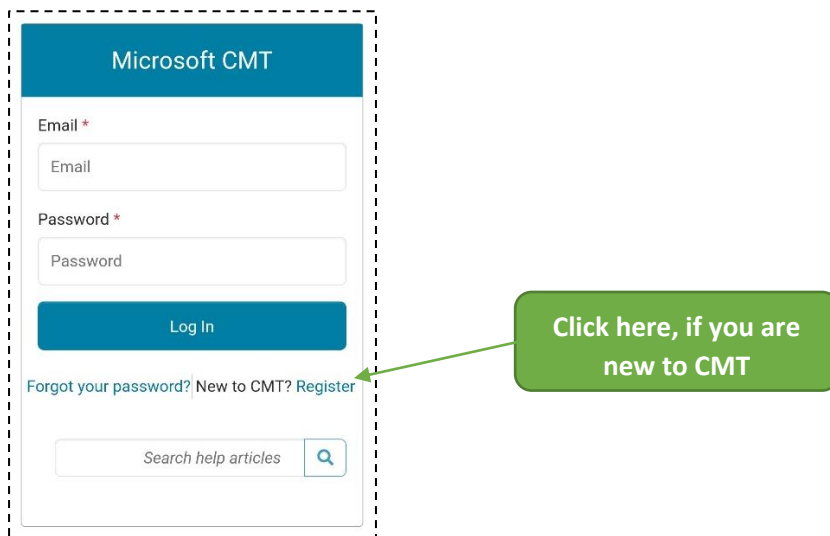

1. Click on "Submit Extended Abstract" in NAFED08 website as depicted below, which will redirect to Microsoft CMT website.

CALL FOR EXTENDED ABSTRACTS ON FEAST USAGE:

Prospective authors are encouraged to submit their work done using FEAST software in the form of extended abstracts discussing its application and ease of usage of the software. The submissions can be in various fields including aerospace, automotive, biomedical, structural, thermal, civil, electrical, and manufacturing engineering. Industrial applications are highly encouraged. The extended abstracts, which should not exceed two single sided A4 size pages, must conform to the sample format in the link below, and shall be communicated in both docx as well as pdf formats via Microsoft CMT platform using the link below. The extended abstracts will be subjected to a review process. The screened ones shall be published in the conference proceedings, out of which, selected authors will also get a chance to present their work in the form of oral presentation/poster.

Submit Extended Abstract

5. Confirm that the extended abstract is submitted successfully.

6. Check the status of your extended abstract in the CMT website for updates.

7. Once the extended abstract is received, it will be sent to reviewers for evaluation. If it is accepted with any correction, upload the corrected version at the earliest.

8. The accepted extended abstracts will be published in the meet proceedings, out of which, selected extended abstracts will be allowed either in Oral presentation (or) Poster presentation during NAFED08 Meet based on reviewers' decision.

Note: For any other queries, please reach us using the contact provided on NAFED08 website.
